All non-homicide statistics presented here are based on preliminary DC Index crime data queried on the morning of November 6, 2006. The data do not represent official statistics submitted to the FBI under the Uniform Crime Reporting program (UCR). All preliminary offenses are coded based on DC criminal code and not the FBI offense classifications. All statistics are subject to change due to a variety of reasons, such as a change in classification, the determination that certain offense reports were unfounded, or late reporting. Please understand that any comparisons between MPD preliminary data as published here and the official crime statistics published by the FBI under the Uniform Crime Reporting Program (UCR) are inaccurate and misleading.
